

Please note that Impala is in the planning phase of its Contract Mining (core mining) activities and for that reason would like to determine relevant companies in our communities to be considered for these opportunities. It is therefore of utmost importance to carefully list **mining related activities** currently being done by your company (or technical partner). It is also important to include names and contact details of references that can confirm the work being done.

Kindly note the following:

- Information to be submitted by the **24th<sup>th</sup> of April by 10am**
- Company profiles of the businesses/ JV's to be considered on the bidder's list can also be sent through to **kelebogile.segoe@bafokeng.com**
- **Please indicate clearly that you are nominating your company for the Contract Mining opportunity**
- Please note that submitting a profile does not imply automatic inclusion in the bidder's list as the profiles are still subject to a filter process by the Cross Functional Team.
